

## Reading EPUB/PDF Books

You can check out EPUB and PDF eBooks within Axis 360 and read them using Adobe Digital Editions (ADE) on your desktop and/or eReader device via a USB connection. If your library has turned on access to EPUB and PDF titles, any time you check out a title, it will be checked out in EPUB/PDF and Axis 360 format automatically.

### Check Out Your Title

1. Find the title you want to check out on the Axis 360 website and click **Checkout**. You do not have to select a format before checking out your title

2. You will be sent to the **My Stuff** area of the website. If your library has turned on access to EPUB/PDF titles, you will see an option to download the title to your desktop.

3. Launch **Adobe Digital Editions**. For instructions on how to use ADE, please consult the links on the next page.

## Links

To download ADE for your desktop, visit this website:
